

Applicants are selected by an Assessment Committee, which may, at its discretion, require applicants to undertake an interview to facilitate the decision-making process. To ensure full advantage is taken of the training provided, selection will take place principally on the basis of academic criteria and the applicants' personal motivation and interest in the subject matter. The date of the applications will also be taken into account.

If a high number of applications are received, the Assessment Committee may decide to set a written entrance examination. An appropriate example examination paper will be uploaded to the University website in good time in such a case.

The admission requirements and criteria will be published on the University website for applicants to view, together with the rest of the information regarding the programme. Information will also be made available in marketing leaflets, on noticeboards and, in particular, at the relevant Secretary's Office at the University. The admission criteria will be applied as follows:

EVIDENCE	POINTS	COMMENTS
Bachelor's Degree:		
Grades in degree courses: 1. Pass 2. Good 3. Excellent 4. Outstanding (maximum possible grade)	 1 point 2 points 3 points 4 points	All of the courses of the degree will contribute to the score. The points will be added together and then divided by the number of courses, giving a final score of between 1 and 4 points.
Postgraduate qualifications		
University-specific qualifications (<i>títulos propios</i>) or a master's degree in orthodontics and/or dentofacial orthopaedics	1 point for every 20 ECTS credits	ECTS credits achieved by the students will be taken into account up to maximum of 3 points.
University-specific qualifications (<i>títulos propios</i>) or a master's degree unrelated to orthodontics and/or dentofacial orthopaedics	1 point for every 40 ECTS credits	ECTS credits achieved by the students will be taken into account up to maximum of 1.5 points.
Publications in good quality journals.	From 0 to 1 point per publication	The Assessment Committee will assess the publications in terms of their quality and relevance.
Entrance exam		
Admission test	From 0 to 3 points	The Assessment Committee will design a test taking into account the previous intake

		of applicants.
Interview	From 0 to 2 points	The interview will be conducted by at least 3 lecturers, who will base their assessment on the interviewee's personal characteristics and motivation and will justify this assessment in writing. The three scores will be added together and then divided by three, providing a score of between 0 and 2.
Final score		
All the points obtained will be added together, producing a final overall score.
